PURPOSE: To establish a departmental standard for the safe operation of club cars on University premises.

DEFINITION: A club car, as used in this standard, is defined as any University Mailing Services (designated as UMS from this point on) vehicles, regardless of brand, size, or energy source, which is intended for use on University premises only; and is used primarily for the transportation for University packages/mail; and is generally recognizable as a passenger or utility type cart, vehicle, “off road vehicle”, or conveyance with is not a tagged vehicle.

SCOPE: This standard applies to all club cars owned, leased, or operated on University premises, by UMS employees, volunteers, vendors, or agents.

STANDARD: Any person who accepts the privilege of operating a club car on University premises is deemed, by so doing, to have the knowledge, training, and skill to safely operate the vehicle and shall be fully accountable for their actions and consequences thereof.

The safe operation of club cars on University premises requires conscientious application and adherence to the minimum standard of care prescribed by this standard.

Club cars shall be operated in accordance with the requirements of the following documents, which are referenced incorporated with this standard:

- The UMS Club Car Safety Guidelines.
- The Club Car Safety Standard and Standard Acknowledgement Form
- The Club Car Safety Instructions

UMS employees will be subject to discipline up to and including termination for violations of this safety standard.

This standard shall be updated as required.
